

Posters from all over the world

403 papers about "Iranian Natural gas Outlook", "Development og the new ultrasonic smart gas meter for domestic costumers" from Tokyo Gas, "Biogas as an alternative Gas Supply Source for Independent costumers in Russia", "Use of biogas for production of towngas" in Denmark and much, much more.

Delegates at IRGC2014 in Tivoli Congress Center, Copenhagen, have shared news and knowledge from all parts of the world, and from all sides of the gas world.

See pictures from the many poster sessions below.
