International Gas Union Research Conference
IGRC OPENHAGEN
2014

www.igrc2014.com

IGRC2014 provides an opportunity to showcase your latest research and innovation

Gas will play an increasing role in the future energy mix...

...and technology will be the key to the future business model for gas growth

Call for papers now open

Under the theme "Gas Innovations Inspiring Clean Energy" we invite you to take an active part in **International Gas Research Conference 2014** (IGRC2014) by submitting an abstract by January 6, 2014. IGRC2014 is hosted by Danish Gas Technology Centre under the auspices of the International Gas Union (IGU). Read more about the conference at www.igrc2014.com.

Key dates

Nov. 1, 2013	Call for papers issued
Jan. 6, 2014	Abstract submission deadline
Apr. 1, 2014	Notification of authors
Jul. 1, 2014	Full paper submission deadline
Sep. 17-19, 2014	IGRC2014

Submission of abstracts

All abstracts must be submitted via www.igrc2014.com.
Deadline for abstract submission is **January 6, 2014**.

Programme topics

The conference covers **all parts of the gas chain from wellhead to burner tip**, and abstracts are welcome on all technical topics of relevance to the gas industry. The programme also comprises cross-cutting topics, such as environment, safety, communication, markets, supply, strategy and human resources. See a detailed list of example topics and the preliminary programme at www.igrc2014.com.

Selection of papers

Authors will be notified of acceptance by April 1, 2014. Accepted abstracts will be made available to registered delegates online at www.igrc2014.com before the conference. Accepted papers will be presented in oral, workshop or poster sessions.

All authors attending the conference must register and pay the full registration fee, for more information see www.igrc2014.com.

Awards of excellence

The Dan Dolenc Award (10,000 €) and the Young Researchers' Prize (3,500 €) will be given to outstanding papers selected among all presented papers.

The venue

Copenhagen is the capital of Denmark with some 1.2 million inhabitants. Copenhagen is easy to reach with numerous international flights to the international airport in the immediate vicinity of the city. IGRC2014 will be held in the state-of-the-art **Tivoli Congress Center** in the heart of Copenhagen.

Exhibition/Innovation and Student Forum

IGRC2014 will also feature a trade exhibition as well as an Innovation and Student Forum for small start-up companies, educational organisations, human resource departments, etc. Exhibition space may be reserved via www.igrc2014.com.

Delegate registration

Early Bird delegate registration opens November 1, 2013 and runs until June 1, 2014. Read more about registration timeline and fees at www.igrc2014.com.

IGU delegate sponsorships

IGU will sponsor the conference participation for a number of young professionals. Read more at www.igrc2014.com.
