Introduction

The International Gas Union (IGU, www.igu.org) is pleased to announce that the next IGU Research Conference - IGRC2014 - will be held in **Copenhagen, Denmark 17-19 September 2014**. The conference theme is *Gas Innovations Inspiring Clean Energy*. The focus will be on all important aspects of the role of natural gas, other energy gases and the gas infrastructure in a future low carbon energy system. Conference delegates will be gas technology executives, gas engineers and researchers. Delegates will come from the global energy industry, research organisations, academia, government, international organisations, etc. A total conference attendance of 800-1,000 from Europe and overseas is expected. *Read more about IGRC2014 on www.igrc2014.com.*

Venue

IGRC2014 will be held in the newly (2010) opened state-of-the-art Tivoli Congress Center (TCC), www.tivolicongresscenter.com located in the heart of Copenhagen.

Options for participation

There are two options for exhibitors:

1. Trade Exhibition (minimum 9 sqm. booth)
2. Innovation and Students Forum (meeting point with poster boards)

These options are described in the following.

Option 1: Trade Exhibition

The trade exhibition will be located in the foyer of the Tivoli Congress Centre next to the congress hall and session rooms (see the updated floor plan on www.igrc2014.com).

This area will also be the venue for buffet breakfast, luncheons and coffee breaks. It will also act as a general networking area. Furthermore, the conference registration desk will be located here.

In this way we ensure that exhibits receive maximum exposure to the delegates and other visitors.

The group of exhibitors will include gas companies, technology organisations, manufacturers, etc.

Early bird exhibitor registration (before May 1, 2014)

Price per sqm.: 275 €

Exhibitor registration after May 1, 2014

Price per sqm.: 300 €

Minimum size of booth: 3x3 sqm.

The above sqm-prices applies to a standard booth with walls, lighting, etc. (see details on www.igrc2014.com.) Floor-only exhibition space is also available, see www.igrc2014.com.

When approved as an exhibitor, you can purchase additional exhibition equipment and services through our web-based exhibitor service system and you may download the exhibitor manual.

Please register as a prospective trade exhibitor on

http://www.igrc2014.com/pdf/stand_booking_form.pdf.

Space will be awarded on a first-come-first-served basis.

Option 2: Innovation and Student Forum

As a new feature the IGRC2014 will encompass an *Innovation and Student Forum*.

This special forum is intended for small start-up companies, educational organisations, HR-departments, etc. that have a special interest in communicating with students, venture entrepreneurs and organisations/individuals dedicated to R&D. In this area we offer exhibitors to acquire a *Meeting Point* consisting of two poster boards and a table (see details on www.igrc2014.com).

Students will be encouraged to visit the Exhibition and Innovation and Student Forum and favourable admission rates will be offered especially to this group of delegates.

Early bird forum exhibitor registration (before May 1, 2014)

Price per unit: 675 €

Forum exhibitor registration after May 1, 2014

Price per unit: 740 €

The price covers a standard unit consisting of two poster board walls standing in V-shape and a café table (see details on www.igrc2014.com).

Please register as a prospective innovation and students forum exhibitor

on http://www.igrc2014.com/pdf/stand_booking_form.pdf.

Space will be awarded on a first-come-first-served basis.
